IDAHO: THE NARROWS STEAKHOUSE AT SHORE LODGE

City: McCall

Claim to fame: A newcomer, the [Narrows Steakhouse](#) (two hours north of Boise) offers guests custom steak knives: a Laguiole from France; a Shun from Japan, or a Chroma from Germany, designed by Porsche. They serve USDA prime beef, and their 45-day dry-aged bone-in New York strip and a 34-ounce bone-in tomahawk rib-eye are best-sellers. Patrons also dine with breathtaking views of the Salmon River Mountains and Payette Lake from the dining room. The steakhouse features an exceptional wine cellar and an adjacent spa if you strain something while enjoying their delicious steak.
