McCall, ID

This charming resort town on Payette Lake is a ski enthusiast's best-kept secret, with thousands of acres of skiing and consistent snowfall. There are three ski areas around McCall, all of which have their own unique feel and offerings. There's Brundage Mountain, which is home to the eponymous signature resort; the burgeoning Tamarack resort area, which still feels off the beaten path; and the rustic Burgdorf Hot Springs, which offers a basecamp for a variety of outdoor winter sports and activities.

McCall's Shore Lodge is an ideal place to unwind at the end of a long day on the slopes, offering a variety of amenities for every type of vacationer. There are five food and beverage destinations, a spa with heated pools, and plenty of opportunities for adventure outside of skiing.
